

The natural choice for oral care

Grin makes the sustainable choice, an easy choice with our range of natural toothpastes, sustainable brushes and our best-selling floss picks!

Grin Natural Adults Freshening Toothpaste 70g

The complete care choice

Delivering a thorough, fresh clean – without the need for harsh chemicals! The active ingredients; Manuka Oil, Propolis and Organic Sea Salt offer natural antiseptic and anti-inflammatory properties to keep bacteria in check, while natural spearmint, peppermint and fennel extracts leave your mouth minty fresh.

Professionally developed with dentists & scientifically proven to effectively inhibit the growth of oral bacteria for 48 hours

Grin Natural Adults Strengthening Toothpaste

Containing hydroxyapatite

Combat bacteria, strengthen and remineralise your teeth with Grin's Strengthening Toothpaste. Featuring key ingredients; Hydroxyapatite (the best alternative to fluoride), Organic sea salt and Magnolia bark extract.

Grin Natural Adults Whitening Toothpaste

Available with or without fluoride

For a fresh, flash-those-pearly-whites clean – without the need for harsh chemicals or bleaching agents! The active ingredients; Baking Soda, Propolis and Organic Sea Salt work to restore the natural whiteness of your teeth by gently removing stains and keeping bacteria in check.

Grin Natural Adults 100% Recycled Toothbrush

The toothbrush bristles have been infused with a premium activated charcoal which has been recognised for its antibacterial and detoxifying properties for thousands of years. Alongside brushing the charcoal works to keep bacteria at bay whilst absorbing toxins and restoring the whiteness of teeth. 100% recycled handle. Available in Soft and Medium (Soft bristles are recommended by dentists) and four different colours.

Grin Natural Adults 100% Recycled Floss Picks

Individually wrapped for easy flossing on the go!

Made from resilient UHMW PE floss thread material that doesn't tear or shred easily and a 100% recycled handle, it's easy to use and helps reach those "hard to reach" spaces between teeth.

Grin Natural Adults 100% Recycled Floss 30m

Premium floss thread that does not shred!

Made with a luxurious, resilient PTFE floss that doesn't tear or shred easily, naturally flavoured with mint oil, and comes in a 100% recycled dispenser and packaging.
