KEEP UNWANTED SURPRISES IN CHECK WITH THE CATTANI **AFTER CARE** PROGRAMME

Imagine your suction unit failing at 10am on a Friday, one patient in the chair and five to come.

Stress!

The Cattani After Care Programme takes a load off your mind, prolonging the life of your machinery and preventing untimely and costly breakdowns; and you know the annual cost from the beginning, so no bill shock.

Service – we take care of it for you

No cost surprises – Cattani After Care removes all the uncertainty around cost. Just as with your car, you know in advance what your annual service costs will be.

Fully logged – This is a proactive programme. The technician schedules visits at mutually convenient times, and there is a log book that the technician keeps up to date.

Expert technicians – Cattani prides itself on unsurpassed service, so only technicians fully trained in servicing our products are invited to be part of the After Care Programme.

Your annual check-up is due

Mechanical servicing and regular dental check-ups have the same objectives – they keep your equipment healthy, prevent major work, and save you money in the process.

A robust, hard-working Cattani machine is just like a car's engine, and like all engines it will perform longer and more reliably with some TLC. So think of the Cattani After Care Programme as insurance ... moreover, a recall for your dental equipment.

What you get with your Cattani After Care Programme

- Outstanding annual servicing
- Transparent pricing
- Servicing at times that suit you
- Specific kits for each servicing
- Servicing and log book managed by the technician

Protect the power behind your practice

The Cattani After Care Programme is like insurance: it protects your business and saves money by minimising the risk of plant room equipment failure.

Have confidence in Cattani

For more than 50 years, Cattani's global business has been dental air technology – no distractions. We stand for quality, performance and reliability with the aim of keeping your dental practice running day after day, year after year.

Cattani **After Care** Programme – Smart Move

- Equipment is much less likely to fail
- Expensive major repairs are avoided
- No clinical disruption or embarrassment
- Pricing is up front and unambiguous
- Servicing is done by experienced technicians
- The technician manages the service schedule

The Details

Talk to your technician or equipment specialist about signing up for the Cattani After Care Programme or contact aftercare@cattani.com.au.

WE LOVE WHAT WE DO.

**Cattani After Care, because we do service better –
just ask your technician**

No cost surprises – fully logged – expert technicians
