Offer conditions:

- Minimum purchase of \$80,000 spend on large equipment* which must include at least one treatment unit (chair). For multiple treatment units, the qualifying limit for the 50% consumables discount is as per the table below.
 - 1 chair setup = \$80,000 large equipment spend
 - 2 chair setup = \$105,000 large equipment spend
 - 3 chair setup = \$130,000 large equipment spend
 - 4 chair setup and above by negotiation
- Minimum purchase of \$20,000 in consumable and small equipment** products per treatment unit in addition to the minimum equipment purchase outlined above: each treatment unit is considered to represent an operating surgery.
- The large equipment package will be a competitively priced bundle. The consumable and small equipment offer is based on retail pricing.
- All products ordered in this initial purchase will be delivered to site free of charge.
- All consumables and small equipment must be on the same sales order and must be invoiced and delivered within 30 days of the large equipment installation.
- All product purchased under the offer must be invoiced and installed by 15 March 2024.
- The offer may not be combined with any other small equipment or consumable offer or promotion. Government and Corporate accounts are excluded from the offer.

**Large equipment includes treatment units, stools, X-ray units and digital X-ray systems, intraoral scanners and CAD/CAM software, mills or printers, intraoral cameras, sterilisers and instrument washers, compressors, and suction units.*

***Small equipment includes handpieces, ultrasonic baths, curing lights, amalgamators, and diode lasers.*
