Skin: Flush thoroughly with water for several minutes. Get medical attention if irritation or rash occurs. Remove and launder clothing before re-use.

Inhalation: If inhaled, remove victim to fresh air. Get medical attention if you feel unwell.

Ingestion: If small quantities are swallowed, give one glass of water to drink. Do not induce vomiting unless directed to do so by medical personnel. If large amounts are swallowed or discomfort occurs, get medical attention.

4.2 Most Important symptoms and effects, both acute and delayed: Direct contact may cause moderate eye irritation. Direct contact may cause slight skin irritation. Inhalation of mists or vapors may cause respiratory tract irritation.

4.3 Indication of any immediate medical attention and special treatment needed: Immediate medical attention is not required.

SECTION 5: FIRE-FIGHTING MEASURES

5.1 Extinguishing Media: Use any media that is suitable for the surrounding fire.

5.2 Special Hazards Arising from the Substance or Mixture: This product is not flammable or combustible but will burn under fire conditions. Thermal decomposition may release oxides of carbon, ammonia, nitrogen oxides, and biuret.

5.3 Advice for Fire-Fighters: Firefighters should wear positive pressure self-contained breathing apparatus and full protective clothing. Cool fire exposed containers with water spray. Contain water used in fire incidences involving the undiluted product.

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal Precautions, Protective Equipment and Emergency Procedures: Isolate the area and remove unprotected people. Wear suitable protective clothing to prevent skin and eye contact. Ventilate the area.

6.2 Environmental Precautions:

Report releases as required by local, state, and federal authorities.

6.3 Methods and Material for Containment and Cleaning Up: Cover with an inert absorbent material and collect into an appropriate container for disposal. Clean the area with large quantities of water. Comply with Federal, State, or local regulations on reporting spills.

6.4 Reference to Other Sections:

Refer to Section 8 for Personal Protective Equipment and Section 13 for Disposal information.

SECTION 7: HANDLING AND STORAGE

7.1 Precautions for Safe Handling: Avoid contact with eyes, skin, and clothing. Wear protective clothing and equipment. Do not breathe mist or vapors. Use only with adequate ventilation. Wash thoroughly with water after handling. Keep containers closed when not in use. Wash clothing before re-use.

Do not reuse containers. Empty containers retain product residues which can be hazardous. Follow all SDS precautions when handling empty containers.

7.2 Conditions for Safe Storage, Including any Incompatibilities: Keep in a closed container in a cool, dry, ventilated area when not in use. Keep away from oxidizers and other incompatible materials.

7.3 Specific end use(s): Use as a dental unit waterline shock treatment. Use in conjunction with regular dental unit water testing.
