Morita Signo T100

The T100 is a well-balanced option for dental professionals who seek both quality and efficiency in their equipment while prioritising patient comfort and ease of use. It's thoughtful design and intuitive functionality make it an ideal choice for many clinics looking to enhance their daily operations without breaking the bank.

- Pantograph Lift Mechanism
- 30,000-lux Luna Vue TS
- Ease of use Headrest
- Intuitive Foot Controller
- Dual Balanced Swing Arm
- Central Axis Table

From
\$27,900
Morita Signo T100

Morita Veraview iX

The Veraview iX intraoral X-ray system delivers excellent quality X-ray images in analog or digital. A flexible support arm and a laser for positioning make it easy to achieve a very precise setting of the area to be imaged.

- LED positioning aid
- Constant voltage control
- Exposure settings
- Illuminated control panel
- Sitting position with adjustable height

Only
\$4,995

Morita Veraview X800

Outstanding image quality for panoramic and 3D images ensures a precise and reliable diagnosis even in the most demanding cases. The extremely high resolution of more than 2.5 LP/mm at 10% MTF and a voxel size of 80 µm show even the smallest details.

- Reduced doses
- Eleven fields of view
- Sharp panoramic images
- Face-to-face design
- Network integration
- Partial cephalometric images

From
\$95,000
