

colormethod

# Organization to renew, refresh, and revitalize your practice.

Improve procedure flow, staff morale, and overall patient experience

## Every office can improve on efficiency.

If you're overwhelmed at the clinic, cancel the clutter with all-new instrument and material organization. Color Method will rescue your team from clinical clutter and disorganization. It's time to introduce color-coded organization to your practice.

**Schedule a demo or order a sample kit to experience Color Method for yourself!**

CRYSTALHD

# Experience High Definition Vision.

10%  
OFF

The Crystal HD® Mirror isn't just clearer—it's built to match the pace and pressure of modern dentistry. Its next-generation lens delivers 269% greater scratch resistance, so you can count on consistent visibility every procedure, every day. The flush design helps prevent debris buildup and soft tissue trauma, giving your hands—and your mind—less to fight against.

Autoclavable. Available in all colors.

Made from advanced resin, it resists corrosion, eliminates galvanic shock, and withstands repeated sterilization without dulling or distortion. Choose from multiple sizes and colors to fit your system and your style. Because when your tools work as hard as you do, confidence comes standard.

Rhodium Mirror vs Crystal HD®

## Build your own tub

\*Not all items listed are shown

Procedure Tubs are easily organized and identified by color. Store procedure specific materials in one tub that moves easily from operatory to sterilization. Tubs can be stored in one central location. Organize your materials by procedure with Tubs and take the stress out of your day-to-day operations. You'll have everything you need in one tub.

### 1 PROCEDURE TUBS ZC-20Z463

Allows you to "build" your own set-up.
